

KEY ADVANTAGES OF THE NEW B2B SYSTEM

EASY LOG-IN

Thanks to our unique login system, you will immediately see the purchase price and the current availability of the goods.

YOUR ACCOUNT CLEARLY SHOWS ALL THE IMPORTANT INFORMATION

In your account, you will find all the information you need, such as overdue invoices, order history, or your credit limit. All of that laid out clearly in one place.

You have the administration of the account firmly in your hands.

You can configure your web and email notifications, change your password, or download product feeds. This functionality also allows you to quickly manage the accounts of your colleagues.

YOUR DOCUMENTS IN ONE PLACE

You can work with all the documents without having to contact your sales rep or our customer care – e.g., agreements with the end customers, returns, complaints or deliveries.

DOWNLOADS

The reworked Downloads section gives you new ways of working with the product data. In addition to the availability feed and the EAN codes, you can download product feeds such as Heureka.cz, or the price list feed. All of this makes it easier to work with the product data and gives you more options for its administration.

NOTIFICATIONS THE WAY YOU LIKE IT

Thanks to the new notification system, you will always be in contact with our team, and you will always know what is happening with your orders, returns, complaints or deliveries. You can change your notification preferences to suit your needs in your account settings -> Notification settings.
Everything under control.

MORE THAN ONE SHOPPING CART

You can now work with more than one shopping cart, switch between them and decide to which one of them you will add a particular item.

You can also select one and use it as your main cart. Simple order import.

You can import a product list into your order using a spreadsheet file -  .xlsx or  .csv.
You can also use a simple import form.
